1. Altshuller G.S., Shapiro R.V. **ABOUT A TECHNOLOGY OF CREATIVITY**. Questions of Psychology, #6, 37-49. 1956 (First publication)

In this publication, basic theoretical concepts of TRIZ were described: definition of a technical contradiction; definition of ideal final result; definition of inventive principles. A program for further TRIZ evolution was discussed. This program runs more than 40 years.
